Clear Levies From District

All past-due "acquisition and improvement" levies under the Mattoon Act for A. & I. District No. 217, Amelia and 220th street in the Shoestring strip are now cleared from the records, it was learned this week from county offices. This clearance however does not pertain to general taxes and other assessments on the district between Normandie and Main street.

It is also reported that petitions containing 51.3 percent of the taxpayers in the district along Normandie between Gardena and Harbor City have been filed for clearance of A. & I. Mattoon Act levies on that area which embraces some 1,400 acres in District No. 70.

The proceedings to clear the A. & I. charges on this district have been instituted before the county board of supervisors.

SHOP TALK

that is one of the first signs of insanity. However, it is my belief that insanity is the RESULT of absence of taste, rather than the cause. If a person's taste and smell were taken from him no doubt he would go nuts in short order. But when the cold passes what a revelation it will be when again I can taste. A new experience is awaiting me. It's an ill wind, etc.

Share Shekel Bidding Is Fast, Furious

(Continued from Page 3-B) ment of the Columbia Steel plant since 1931 and his "partner," young Jimmy Higgins is the son of Mr. and Mrs. Harry Higgins of 2372 Torrance boulevard. How they will divide their prize possession only they know.

Several intermissions broke the Dividend Dough auction while the seven-piece swing band—and a good one—played for hundreds of dancers. By every indication, attendance, interest and entertainment-value, the Dividend Dough auction was the most successful community-wide event ever held in Torrance.

Two other auctions had been held out-of-doors on previous Saturday nights. At both of these major awards were "sold" to interested bidders in Share Shekels. Merchants cooperating in the sales feature were enthusiastic over the reception it received from the buying public and The Herald, upon which a big share of the work in planning and conducting the event, was delighted with the response from business men and residents alike.

It should be remembered that no member of The Herald staff or their families participated in the collection of Share Shekels or in the three auctions. The same forbearance also applied to participating merchants and their families, thus making the Dividend Dough feature strictly ethical and honest in every detail.

Fire Prevention Week Is Fixed

The President of the United States has proclaimed the week beginning October 3, 1937 as Fire Prevention Week. In his proclamation he invites the cooperation of everyone to the end that the nation's fire losses be reduced.

Although there has been a decline in the fire loss for five years, this record was marred in 1936 by an increase from the preceding year of more than \$28,000,000, bringing the total destruction by fire in 1936 to \$263,259,746, 11.9 percent above the 1935 figure. Moreover, in 1936 more than 10,000 persons were burned to death or lost their lives as a result of fires and many thousands more were injured. The nation's fire waste is chiefly due to carelessness and the important lesson that should be taught during Fire Prevention week is the need for exercising care at all times.

Long Beach Thanks City for Support

A letter of appreciation to the city officials who, at the recent San Jose convention of the League of California Municipalities, supported Long Beach in its effort to obtain the 1938 state gathering, was read to the city council Tuesday night. It was given as a manager of the Long Beach municipal auditorium. Altho Santa Barbara won the convention, the publicity received by Long Beach was very gratifying, the letter stated.
